ABOUT ME

Software developer, currently pursuing a bachelor's in computer science and engineering. My education journey is bolstered by underpinning theoretical knowledge and interweaving it with practical experience in tech-driven landscapes. Diligent, prompt, ethical, organized, and energetic. Efficient and resourceful, interpersonal communicator enhanced by tactical solid communication skills.

EDUCATION

University - "UBT"

Bachelor in ComputerScience & Engineering
2020 – Still Present

SKILLS

- JavaScript, Vue js Git and Terminal
- Multitasking
- Documentation
- Team worker
- Jira, Figma

SUMMARY OF EXPERIENCE

Vue.js Intern

SPINP | May 2022- January 2023

- Creating fully scaled healthcare webapps
- Teaming up with different diversity of people
- Being able to advance my self in a completely new framework such as Nuxt
- A tiny but very helpful experience of TypeScript
